

HIS NEED. YOUR GIFT.

HIS NEED. YOUR GIFT.

One billion people do not have access to clean drinking water. Women in rural Africa walk an average of **four hours** to collect contaminated water for their families. And a child dies every **twenty seconds** from a water-related illness like diarrhea.

One billion people do not have access to clean drinking water. Women in rural Africa walk an average of **four hours** to collect contaminated water for their families. And a child dies every **twenty seconds** from a water-related illness like diarrhea.

It doesn't have to be this way.

It doesn't have to be this way.

This Lent, our congregation is joining Water to Thrive to help **Quench the Thirst**. It costs just \$5000 to build a well that will last a generation.
