# WATER TO THRIVE

# WHY WATER?

---

Addressing the  
Global Water Crisis

1 OF 9 PEOPLE

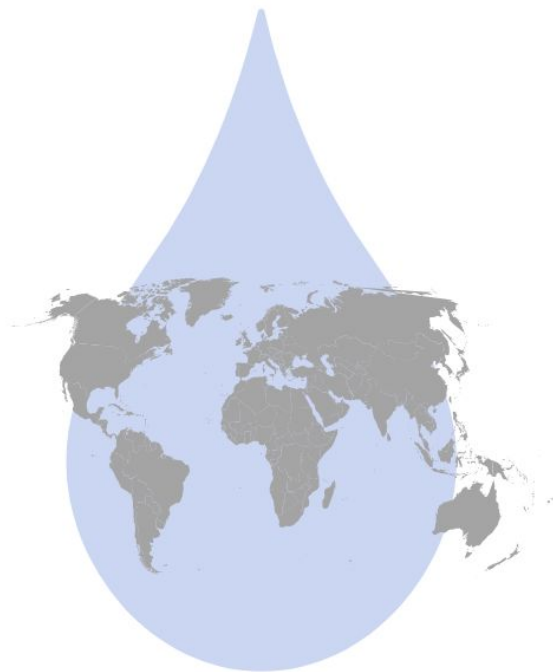

lack access to clean water...

48% OF PEOPLE

in sub-Saharan Africa lack clean water

EVERY 90 SECONDS

a child dies of a waterborne disease

Women and children  
WALK UP TO 6 HOURS  
each day to fetch water

1,000,000 DEATHS  
from disease

260 BILLION  
dollars in economic loss

An illustration featuring a yellow water filter on the left and a clock face on the right. The filter has a black top with four vertical slots. The clock has a yellow border and a white face with black hands and hour markers. The background consists of blue and white wavy shapes. The text is overlaid on the filter.

40 Billion

HOURS PER  
YEAR ARE  
SPENT  
COLLECTING  
WATER
