

**Your support changes  
lives forever!**

*Nassari Babirye, Age 16*

"Before the construction of this well, we fetched from unprotected ponds and it was common to miss class or at least to be late. I was infected by Typhoid several times and my mom took me to the clinic. But some of my friends' family could not afford the cost of transport and clinic cost so they simply try the traditional herbal medicine. But now, all of us are happy and blessed with this new water well. No more missing school. I have time to do my homework and to study hard. Thank you all for supporting us by giving us clean water!"

# Ways to Give

## Leave a Legacy

By joining this community of generous donors and giving to the Water to Thrive Endowment Fund, you will create a lasting legacy. Your investment will ensure the long-term sustainability of our organization.

Our vision for the Endowment Fund is to build a foundation of financial security to ensure continuity in serving those in need of clean water for many generations to come.

## What is an Endowment?

An endowment is a permanent investment fund for Water to Thrive's long-term security. Donor contributions make up the principle and are invested in a diversified portfolio. The portfolio is managed by Thrivent Charitable Impact & Investing and dividends are paid out annually. The investment income is unrestricted, and is distributed upon advisement by the endowment committee, and approved by Water to Thrive's Board of Directors.
